HSBC Malta honours women on International Women's Day

An official of Corradino Correctional Facility looks at the contents of a 'pink bag', donated by HSBC Malta employees on the occasion of the International Women's Day. The HSBC colleagues came together and prepared more than 400 'little bags of happiness'. The pink coloured bags contained everyday essentials and even a few luxury items from toiletries to makeup kits. They were handed over to a total of 10 different NGOs working for the benefit of vulnerable women and teenage girls.
