Former HSBC employees making a difference

A group of former HSBC Malta employees carried out a site clean-up at the Msida Bastion Historic Garden. This group, established in 2012, contributes to a range of community welfare projects. On this occasion the volunteers contributed to the upkeep of a Din I-Art Helwa managed site. Currently, the former HSBC employees are involved with three ongoing projects: 'meeting and greeting' visitors at Our Lady of Victory Church in Valletta, assisting the MSSP community in Rabat in re-organising the convent's library, and helping residents of St Joseph Home in Sta Venera in the acquisition of basic life skills.
