## **HSBC Malta announces investment to transform flagship corporate banking sector**

As part of the bank's new strategy approved in February, HSBC Bank Malta is investing to transform its flagship corporate banking centre in Qormi.

Corporate customers will soon experience HSBC's latest global design standards when they visit the bank as part of this transformation which will include a new VIP lounge for its clients. Works have already commenced and the new centre will open by the middle of this year.

Michel Cordina, Head of Commercial Banking said: "We are delighted to announce this new investment to support our corporate customers. The investment we are making is consistent with the bank's strategy to grow our business by delivering a world-class experience to our customers."

The bank apologises for any inconveniences caused during the ongoing works.
