HSBC Malta launches 2018 student campaign and offers

Summer has arrived and that doesn't just signal the start of the beach trips, parties and barbeques for the school-going population, but also the annual HSBC Malta student campaign, which boasts a number of offers and perks.

The bank is giving out €50 credit to all new student accounts opened between 1 June and 31 October 2018, as well as free mobile and internet banking, a fee-free international debit card, and discounted fees on ATM withdrawals from non-HSBC banks.

The bank will be organising various visits through the course of the campaign to reach out to the student community.

Dan Robinson, Head of Retail Banking and Wealth Management at HSBC Malta, said: "We've had a great response to our previous student campaigns with the rewards and benefits. Our new offers appeal to students looking for a digital banking experience and a helping hand with their finances as they balance their academic and social life."

All full-time students in Malta and Gozo can visit the bank's Facebook page or website for more information on the student offers and other upcoming events. The €50 offer is subject to verification of November 2018 stipend credited into an HSBC student account.
