HSBC to host exclusive webinar on post Covid trade

HSBC Malta is inviting business clients to an exclusive webinar entitled “Sharing Corporate Experience. Hear from Asia”. The webinar, which is taking place on Wednesday 10 June 2020 at 11:00 am CET, will feature a panel of experts from Asia, who will discuss the reopening phase and the role of sustainability in restarting growth across the region. This webinar will be hosted by Tim Reid, Global Head of Transaction Banking at HSBC.

Supply chains have been significantly impacted by the closing of borders and factories as COVID-19 continues to evolve. Companies in Asia-Pacific, with large manufacturing bases in mainland China and across South and Southeast Asia, are facing complex decisions about how to safeguard their businesses while supporting operations during this challenging time. Also, treasurers in Asia have been working on their regional treasury strategies, cashflow conservation and local liquidity aggregation.

Joyce Grech, Head of Commercial Banking at HSBC Malta said: “This is a unique webinar where customers can directly hear from other companies in Asia about their own experiences. The panel includes expert speakers such as Munish Kaushal, Area Finance Director for Southeast Asia and Taiwan at GSK Consumer Health Care. Munish will be sharing GSK’s experience of managing the business throughout the pandemic. By hearing such first-hand experiences, our customers will be able to gain valuable insight.”

This webinar is part of a series of “HSBC Europe: Navigating the New Norm” webinars. For more information and to register for the webinar “Sharing Corporate Experience. Hear from Asia” please visit <https://www.brighttalk.com/webcast/17850/413706>
