## **HSBC Malta welcomes summer interns with exciting future skills programme**

HSBC Malta recently welcomed this year's summer interns, providing them with a memorable start to their internship experience. Qualifying students from the JA Malta Foundation, MCAST's Institute of Business Management and Commerce, and the University of Malta were greeted with a warm welcome that included a delightful breakfast. The interns met members of our leadership team as we shared our values through an induction meeting. They also were taken for a comprehensive tour of the new HSBC Malta HUB offices in Qormi.

One of the day's highlights saw Matthew Mamo, Deputy Head of Human Resources at HSBC Malta, introduce the interns to the bank's inaugural Future Skills Intern Programme. Over the summer, the programme will provide the interns with access to mentors, online courses, and numerous opportunities to enhance their skills in alignment with their career aspirations.

Matthew Mamo expressed his enthusiasm for the programme, stating, "At HSBC Malta, we are committed to investing in the future of our young talent. Our Future Skills Intern Programme is designed to provide interns with invaluable experiences and resources that will help them develop the skills necessary for their future careers. We are excited to see the growth and progress of our interns over the summer."

The success of the welcome day was made possible by the collective efforts of HSBC Malta's dedicated colleagues. Special thanks were given to Beverley Spiteri for capturing the memorable moments from the day.

HSBC Malta remains committed to fostering the development of future professionals through innovative programmes and supportive initiatives.
